INTRODUCING INTERACTIVE ADVERTORIALS

## BRING YOUR BRAND TO LIFE— AND TRACK EVERY CLICK

If your brand is built on excellence, your content should be too.

In a competitive B2B landscape, immersive storytelling isn't just a nice-to-have—it's how you stand out. Audiences spend **twice as much time** with interactive, experiential content compared to static formats, making it one of the most effective ways to hold attention, measure engagement, and drive results.

That's why we're introducing **Interactive Advertorials**, powered by *Retail TouchPoints'* sister brand and in-house agency, Emerald Studio. These dynamic digital experiences showcase your brand's story with elegance and clarity—featured through the media platform *Retail TouchPoints (RTP)* visitors trust.
